Cancellation of Election Item #8

Clearwater Underground Water Conservation District

Board Meeting September 11, 2024

STAFF REPORT

Item: #8 November 5, 2024 General Election and Special Election

Agenda Item #8:

Discuss, consider, and take action if necessary to cancel the November 5th General Election for Directors representing Precinct 1, Precinct 3, and Special Election for At-Large Director.

Narrative:

The Board is encouraged today to formally cancel the election on November 5, 2024, for Precinct 3, Precinct 3, and Special Election for At-Large Director that have only one candidate each. The candidate for Precinct 1 is incumbent Leland Gersbach, the candidate for Precinct 3 is incumbent Jody Williams, and At-Large is incumbent James Brown.

The attached Certification of Unopposed Candidates for Political Subdivisions (not county) is attached as well as the appropriate Order of Cancellation required should the Board approve the request to cancel.

Bell County Election Office is aware of the cancellation request and has confirmed they will provide the required posting of the Board's cancellation order on Election Day at each polling place that would have been used in the election. The order will be posted at all polling locations in Bell County

I have also included support information for the Board to reflect on the legal process that the staff has reviewed in preparation for the approval for the cancellation.

Recommendation:

Approve the General Manager's request to cancel the November 5, 2024 General Election for Precinct 1 and Precinct 3 Directors and Special Election for At-Large Director Election.

Cancellation of Election for Local Political Subdivisions (Not County)

This outline is focused on the elections of non-county entities. For county elections, see Section 2.056, Election Code.

I. Statutory Authority for Cancellation of Election

A. Sec. 2.051. Applicability of Subchapter.

- 1. The cancellation law applies only to an election for officers of a political subdivision other than a county in which write-in votes may be counted only for names appearing on a list of write-in candidates.
- 2. A special election of a political subdivision is considered a separate election with a separate ballot from:
 - a. a general election for offices of the political subdivision held at the same time as the special election:
 - b. another special election of the political subdivision held at the same time.
- 3. In the case of an election in which any members of the political subdivision's governing body are elected from territorial units such as single-member districts, this subchapter applies to the election in a particular territorial unit if:

Each candidate for an office that is to appear on the ballot in that territorial unit is unopposed at-large race is to appear on the ballot. This subchapter applies to an unopposed

large race in such an election regardless of whether an opposed race is to appear on the ballot in a particular territorial unit.

Examples:

- a. A school district has six trustees. They hold specific places, but are elected at large. Places
 1, 2, and 4 are up for election in May. There are two candidates each for places 1 and 2.
 There is only one candidate for place 4. All the at large candidates must appear on the ballot.
 The race for place 4 cannot be cancelled.
- b. A groundwater water district has five directors. Four are elected from their respective commissioner precincts. One is elected at large. Directors from precincts 1 and 3 are up for election in May. There are two candidates for precinct 1 and only one for precinct 3. The election for precinct 3 can be cancelled.
- c. The same groundwater district. The following May, directors from precincts 2 and 4 and the at-large director are up. The two precinct directors are unopposed; the at-large director is opposed. All three positions must appear on the ballot; nothing can be cancelled.
- d. In a city general election, the mayor is opposed; the other at-large councilmembers are unopposed. Nothing can be cancelled. All the at-large candidates must appear on the ballot, because the at-large race for mayor is opposed.
- B. Sec. 2.081. Cancellation of Moot Measure.

A political subdivision is authorized to cancel a measure election if it is determined that the action authorized by the election may not be implemented regardless of the outcome of the election. For questions about whether or not a measure is moot we recommend consulting with your entity's local counsel.

C. Sec. 2.082 Specific Authority for Cancellation Required.

An entity must have specific statutory authority to cancel an election.

II. Certification Required

A. Sec. 2.052. Certification of unopposed status (sample form (PDF) attached).

1. The authority responsible for having the official ballot prepared shall certify in writing that a candidate is unopposed for election to an office (in other words, the outcome is already known due to the lack of opposition).

2. The certification shall be delivered to the governing body of the political subdivision as soon as possible after the filing deadlines for placement on the ballot and on the list of write-in candidates.

B. Sec. 2.053. Action on certification.

1. On receipt of the certification, the governing body of the political subdivision by order or ordinance must declare each unopposed candidate elected to the office. A <u>sample ordinance (PDF)</u> is attached.

NEW LAW: Although cancellation is not automatic in the sense that you **must** have your governing body meet in an open meeting, effective December 2, 2021, if a **proper certification** of unopposed status is presented by the filing authority to the governing body, the governing body must cancel the election. (Senate Bill 1, Second Called Session, 2021).

It is imperative that the rules outlined above must be followed. The governing body must have authority to cancel the election. To recap, if there is an opposed at-large race within a general election or within a special election, you cannot cancel the election. The unopposed candidates appear on the ballot in the traditional manner, and must receive at least one vote to win.

2. If a declaration of unopposed candidates is made, the election is not held. A copy of the order or ordinance must be posted on election day at each polling place that would have been used in the election.

Exception: If the entity is conducting a separate election at the same time as the cancelled election, the declared elected candidates shall be listed separately on the ballot under the heading "Unopposed Candidates Declared Elected." The candidates shall be grouped in the same relative order prescribed for the ballot generally. No votes are cast in connection with the candidates.

3. A certificate of election must be issued to each candidate in the same manner and at the same time as provided for a candidate elected at the election. The candidate must qualify for the office in the same manner as provided for a candidate elected at the election.

NOTE: Candidates cannot take office until the regular canvassing period would have taken place.

- C. Sec.141.101. Coercion against candidacy prohibited.
 - 1. A person commits an offense if by intimidation or by means of coercion the person influences or attempts to influence a person to not file an application for a place on the ballot or a declaration of write-in candidacy in an election, or to withdraw an application or declaration.

- 2. In this section, "coercion" has the meaning assigned by Section 1.07, Penal Code.
- 3. An offense under this section is a Class A misdemeanor unless the intimidation or coercion is a threat to commit a felony, in which event it is a third degree felony.

Cancellation Questions & Answers

Basis For Cancelling:

Q: Which political subdivisions can use the cancellation law?

A: Any political subdivision (other than a county) WITH a write-in deadline for candidates, IF:

- · The write-in deadline has passed;
- No candidates have filed opposing a candidate; and
- Each race within the separate election* is unopposed (with exceptions outlined below).

*Note about "separate election": A general election (for full terms) is considered a separate election from a special election (for unexpired terms), even if the elections are held on the same day.

Note about write-ins: If the law governing write-in candidates for your specific type of political subdivision is **silent**, then the general rule is that any name written in by the voter is counted. See § 146.001, Election Code. In these circumstances, there is no legal write-in filing deadline, which means that it is possible for people to receive votes in the election and opposed a candidate who filed for a place on the ballot; therefore, political subdivisions which fall into this category may NOT cancel their elections.

This outline is focused on non-county entities. For county elections, see Section 2.056, Election Code.

Q: Can I cancel part of my election if some of my single-member district positions are unopposed?

A: If one of your single member district positions is unopposed, you may cancel the election within that single-member district only if there are no opposed at-large races within that election. You would continue to conduct the election for those single-member districts with opposed candidates. Note: A general election (for full terms) is considered a separate election from a special election (for unexpired terms), even if the elections are held on the same day.

Q: What if my election is "pure at large"? If I have three positions open and three candidates, can I still cancel the election even though my candidates don't run by position?

A: Yes, you may still cancel your election if you have the same number of positions and candidates in an at-large election. For example, if you have three positions up for election and only three candidates file, and the "top three votegetters" win office, then you may declare those candidates elected and cancel the election.

Q: What if I have 3 positions on the ballot, 3 candidates, and a bond election? Can I cancel everything but the bond election, since we know who will win the candidate races?

A: Yes. Special elections (such as measure or proposition elections, or special elections to fill unexpired terms) are considered separate elections. This means that if you have unopposed candidates in all races, you must cancel that portion of the election, even though there is a bond (or other proposition) election remaining on the ballot. Again, the uncontested candidates' names will appear on the ballot under the category "Unopposed Candidates Declared Elected." The canvass is conducted as normal. However if you have one opposed at-large race for Place 1 (for example) then you cannot cancel the other full by-place terms.

How To Cancel:

Q: Do we have to cancel our election at an open meeting of the governing body?

A: Yes. Cancelling an election is NOT automatic. After the certificate of unopposed status is completed and delivered, the governing body must meet and vote to cancel the election and certify the unopposed candidates "elected."

NEW LAW: Although cancellation is not automatic in the sense that you must have your governing body meet in an open meeting, effective December 2, 2021, if a proper certification of unopposed status is presented by the filing authority to the governing body, the governing body must cancel the election. (Senate Bill 1, Second Called Session, 2021).

It is imperative that the rules outlined above must be followed. The governing body must have authority to cancel the election. To recap, if there is an opposed at-large race within a general election or within a special election, you cannot cancel the election.

Q: May we post the agenda 72 hours before the filing deadline so that we can meet the night of the filing deadline after 5:00 p.m.?

A: Yes, but be careful not to phrase the agenda in a way that would mislead candidates into thinking the deadline is already over. With that in mind, our office recommends stating that if no candidate files by the filing deadline,including the filing deadline for write-in candidates,then the governing body will decide whether to cancel the election, or similar language. Since this notice affects information about the elections process, the notice must be bilingual. Ch. 272, Election Code.

Q: What is the earliest date we can hold the open meeting to cancel the election?

A: The write-in deadline must pass before the authority is authorized to declare candidates unopposed. Many people wish to cancel as soon as possible. For example, if your governing body schedules a meeting after 5:00 p.m. on the day of the write-in deadline, the notice must be posted 72 hours in advance, i.e., during the filing period. Therefore, you may conduct the meeting the night of the deadline, but do not mislead potential candidates when wording the posted agenda (i.e., avoid making the notice sound as if the deadline has already passed).

Q: What is the latest date we can hold the open meeting to cancel the election?

A: There is no statutory deadline. However, it is implied that you will cancel in time to post the election day notice at the polling places.

Generally, our office recommends cancelling before early voting by mail is scheduled to begin. Additionally, we recommend adding this information to the election notice on your website (if any). Even though there is no clear deadline, it is extremely important that your governing body cancels before election day. If election day passes, and you have not held the election, then the candidates will have failed to receive the necessary vote in the traditional manner. This means you will have vacancies.

Specific law for certain water district elections: Water Code Section 49.112 provides that before the first day of early voting by personal appearance, the board by order or resolution may cancel an election called at the discretion of the district or may remove from the ballot a measure included at the discretion of the district. A copy of the order or resolution must be posted during the period for early voting by personal appearance and on election day at each polling place that is used or that would have been used in the election.

Q: Can we skip the open meeting? Isn't it enough that our filing authority certified the required number of candidates as unopposed?

A: No. If your governing body has not performed the second step of meeting to cancel the election, it is not cancelled.

Q: Must the cancellation of election be submitted to the U. S. Department of Justice for "preclearance"?

A: On June 25, 2013, the United States Supreme Court issued its decision in Shelby County, Alabama v. Holder, No. 12-96, 2013 WL 3184629 (U.S.) (U.S.) Jun. 25, 2013). That decision holds that Section 4 of the federal Voting Rights Act of 1965 is unconstitutional and its formula can no longer be used as a basis for subjecting jurisdictions to preclearance.

Both the Attorney General of the United States and the Texas Attorney General have indicated that Shelby takes effect immediately. Accordingly, unless and until there is new law from the United States Congress signed by the President or other court order, the Texas Attorney General has advised the Secretary of State that it is no longer required to submit voting changes to the DOJ for preclearance. We suggest that Texas counties or other Texas political subdivision discuss the effect of Shelby and the continuing applicability of other provisions of the Voting Rights Act with their legal counsel.

Q: What kind of notice must be given if the election is cancelled and no separate election is being held?

A: The law requires only that a copy of the action taken by the governing body be posted on election day at each polling place that would have been used in an election. You may simply post copies of the cancellation order on the polling place door.

We recommend posting on your website (if any).

We have also been asked if you should amend the polling place notice in case you have cancelled one of several elections, so that voters know the polling place still has an election taking place inside; we agree. While it is not required, it would be helpful if you can interest your local media in running a spot on the radio or in the newspaper, to

acquaint voters with the change in the law. This notice, like any other election notice, must be bilingual. See Ch. 272, Election Code.

Q: The Election Code says that we declare the unopposed candidates "elected." Does that mean they take over immediately after the filing deadlines -- a month before election day?

A: No. Although Section 2.053(a) states that the new officers are declared "elected" when the election is cancelled, we think that the section read as a whole indicates that the incumbents serve out the traditional term, i.e., until the next election (day) and until their successors have qualified. The section as a whole provides that after the cancellation order, notice is posted on election day (§2.053(b)), then the certificate of election is issued "in the same manner and at the same time" (§2.053(c)). The Elections Division interprets this to mean that the new officers are issued the certificate of election after election day, as usual. (The status of the officers-elect between the time of the cancellation order and the issuance of the certificate of election after election day is roughly analogous to the usual (though shorter) period between the time unofficial results are announced on election night and the time the certificate of election is issued.)

Q: When are the unopposed candidates sworn in?

cancelled?

A: Section 2.053 provides that the certificate of election shall be issued "in the same manner and at the same time" as for a candidate elected at an election. Therefore, the candidates, who have been declared "elected" at the meeting ordering the cancellation, must wait until after the official election day (even though no election is held) and no earlier than the prescribed canvassing period (even though no canvass is held) to be sworn in and assume their duties.

After election day, the presiding officer of the canvassing authority will issue certificates of election to the unopposed candidates, and they are sworn into office "in the same manner" provided for a candidate elected at an election. Sec. 67.016, Election Code. This also means that a statement of elected officer (also referred to as the pre-oath statement) must be completed before the new officer can be sworn in. The statement should be maintained locally; it is no longer required to be filed with the Secretary of State's office.

Q: Does a Type A governing body still need to wait until the sixth day after the election to install officers if the election is cancelled? (Local Government Code, Section 22.036 requires the newly-elected governing body to meet at the usual meeting place to be installed on or after the fifth day after the election excluding Sunday, i.e., the sixth day after the election.)

A: Yes, the sixth-day requirement still applies for Type A cities, even if they have cancelled their election.

We further note that if some unopposed candidates are declared elected, and others are not, the election results for the offices that are being voted upon cannot be canvassed until all the **new** legal procedures relating to provisional ballots are concluded; this will usually take longer than the Section 22.036 timeline. See most recent calendar for details.

Q: Is an open meeting required to issue the certificate of election after election day when an election is

A: No, unless required by outside law. The presiding officer of the canvassing authority issues the certificate of election. Sec. 67.016, Election Code. Since the governing body does not need to meet to canvass, the presiding officer may act alone. (But see also Sec. 31.121, Election Code if presiding officer fails to act).

Q: Do we still have to send the statement of elected officer ("pre-oath statement") to the Statutory Documents Division of the Secretary of State's office?

A: No, it is required to be maintained locally. The "pre-oath" statement of elected officer may be completed at any time after unofficial results are determined after 7:00 p.m. election night (when an election is held), or at any time after the officers-elect are declared elected at the meeting cancelling the election. Again, remember that the final oath of office cannot be administered until after the date the election would have been held, no earlier than the prescribed time period for holding the canvass.

Q: Water Districts: What do you mean, "most" water districts require declared write-ins?

A: In 1995, the Texas Legislature made extensive revisions to the Water Code and many, but not all, water districts (whether created by general or special law) were brought under write-in declaration requirements in Chapters 49 and 36 of the Water Code. The Chapter 63 navigation districts are subject to the general write-in deadline in Chapter 146 of the Texas Election Code. (For more detail, see Candidacy outline). Thus, if the water district is under a **different** law, and that law is **silent** as to a declaration, then none is required and the election may **not** be cancelled. There is now a write-in declaration requirement for water district confirmation election procedures at Section 49.102, Water Code (applicable to most water districts); a special law could provide for open write-ins in a confirmation election.

Q: What if we have a joint election agreement and one of the parties cancels?

A: Make every effort to arrange in advance for this possibility when preparing the written agreement. In particular, we recommend providing for who will publish notice, hire election workers, and conduct the canvass, etc. in the event that one of the parties cancels their election.

Q: What if the reason for not conducting the election was that no one filed at all?

A: At the canvass, declare the official result: that no one filed to run in the election. At that moment, a vacancy is created as to the new term, which is filled in the usual manner for your type of office. See most recent post-election advisories available under Conducting Your Elections.

Q: Are these the rules for county elections?

A: There are some differences. See Section 2.056, Election Code.

Cancelling an election is NOT automatic. After the certificate of unopposed status is completed and delivered, the governing body must meet and vote to cancel the election and certify the unopposed candidates "elected."

NEW LAW: Although cancellation is not automatic in the sense that you must have your governing body meet in an open meeting, effective December 2, 2021, if a proper certification of unopposed status is presented by the filing authority to the governing body, the governing body must cancel the election. (Senate Bill 1, Second Called Session, 2021).

Q: Has the notice requirement changed?

A: No. However, Election Code Section 2.081 provides that a county election officer, as defined by Section 31.091, may use a single combined notice of cancellation for all authorities: (1) for which the officer provides election services under contract; and (2) that declare an election moot under Section 2.081(a).

Note: In the opinion of our office, we think several entities could agree to a joint notice under current law (by contract with the county, or joint election agreement).

Q: We've heard there is that says that a candidate may withdraw <u>after</u> the withdrawal deadline if ballots have not been prepared.

A: The law allows a candidate to withdraw an application for a place on the ballot after the Section 145.092 statutory deadline for withdrawal <u>if</u>: (1) the candidate files a sworn withdrawal request (valid except for its untimeliness); <u>and</u> (2) ballots for the election have not been prepared. The law gives the authority responsible for preparing the ballot the discretion to accept the untimely withdrawal and omit the candidate's name from the ballot. If this results in candidates being unopposed, your governing body may cancel <u>if</u> you otherwise meet the criteria for cancellation above. Sections 145.098, 2.052 as amended. The law does not apply to write-in candidates.

Instructions for certification of unopposed candidates:

The authority responsible for preparing the ballot must certify the unopposed status to the authority responsible for ordering the election. This document is filed with the presiding officer of the political subdivision. The governing body must meet, accept this certification, and issue an order or ordinance declaring the election cancelled and the unopposed candidates elected. To complete the cancellation process, a copy of the order or ordinance canceling the election must be posted on Election Day at each polling place that would have been used in the election. See sample Order of Cancellation and outlines for additional instructions.

An election* may be cancelled if:

- 1) The election is one in which a declaration of write-in candidacy is required; and
- 2) No opposed at-large race is on the ballot* within that election;*and
- 3) Each candidate whose name is to appear on the ballot* is unopposed, with some exceptions;

This means:

- In an all at-large election* (with no single-member districts), if there is one or more opposed atlarge races, then all the races go on the ballot within that election.*
- In an election* in which any members of the governing body are elected from single-member districts, an election in a particular district may be cancelled if the candidate is unopposed and the election otherwise meets the above requirements (i.e., there is no at-large opposed race on the ballot).

<u>Note</u>: A general election (for full terms) or a special election (to fill a vacancy in an unexpired term) is considered a *separate election* with a *separate ballot* for purposes of these tests, even if held on the same election date. See our online Cancellation guide for details.

Instrucciones para la certificación de una elección con candidatos únicos:

La autoridad a cargo de preparar la boleta de votación debe certificar los candidatos únicos sin oposición a la autoridad encargada de ordenar la elección. Este documento se debe presentar al presidente de la subdivisión política. La entidad gobernante debe reunirse, aceptar esta certificación y emitir una orden o una ordenanza en la que declara la cancelación de la elección y la elección de los candidatos únicos sin oposición. Para completar el proceso de cancelación, se debe exhibir el Día de la Elección una copia de la orden u ordenanza de cancelación de la elección en todos los sitios de votación que se hubieran utilizado en la elección. Vea el ejemplo Orden de Cancelación y el resumen para más instrucciones.

Una elección* puede ser cancelada si:

- la elección es una en la que se requiere una declaración de candidatos por escrito en la boleta de votación; y,
- no hay oposición para la carrera por acumulación en la boleta* de votación dentro de esa elección* y
- Todos los candidatos cuyos nombres deben aparecer en la boleta* de votación no tienen oposición, con unas excepciones;

Esto significa:

- En una elección* por acumulación (sin ningún distrito con miembro único), si se encuentra una o más de una carrera por acumulación con oposición, entonces todas las carreras estarán en la boleta dentro de esa elección*.
- En una elección* en la que cualquiera de los miembros de la entidad gobernante se eligen de distritos con un solo miembro, se puede cancelar una elección en un distrito específico si hay oposición para el candidato y la elección cumple con los requisitos que anteceden (ej. no hay oposición para la carrera por acumulación en la boleta).

Nota: Una elección general (con términos completos) o una elección especial (para llenar una vacante de un término no vencido) es considerada como una elección distinta con una boleta distinta con los propósitos de estas pruebas, aunque se lleven a cabo en la misma fecha electoral. Vea nuestra guía de cancelación en línea para más detalles.

Instructions for sample order of cancellation:

To cancel an election, the governing body must first receive and accept the Certification of Unopposed Candidates form (or the authority may create its own form) from the authority responsible for preparing the ballot. The cancellation order/ordinance must be adopted in an open meeting. The candidates are not required to be present. Certificates of election should be prepared for each unopposed candidate; however, the certificates of election should not be issued until after Election Day, as follows. Section 2.053 provides that the certificate of election shall be issued "in the same manner and at the same time" as for a candidate elected at an election. Therefore, the candidates, who have been declared "elected" at the meeting ordering the cancellation, must wait until after the official election day (even though no election is held) and no earlier than the prescribed canvassing period (even though no canvass is held) to be sworn in and assume their duties. Candidates may complete the Statement of Elected Officer prior to Election Day. The Statement should be kept locally; it does not need to be sent to the Secretary of State's Office. Copies of this order/ordinance must be posted on Election Day at each polling place that would have been used had the election not been cancelled.

An election* may be cancelled if:

- 1) The election is one in which a declaration of write-in candidacy is required; and
- 2) No opposed at-large race is on the ballot* within that election;*and
- 3) Each candidate whose name is to appear on the ballot* is unopposed, with some exceptions;

This means:

- In an all at-large election* (with no single-member districts), if there is one or more opposed at-large races, then all the races go on the ballot within that election.*
- In an election* in which any members of the governing body are elected from single-member districts, an election in a particular district may be cancelled if the candidate is unopposed and the election otherwise meets the above requirements (i.e., there is no at-large opposed race on the ballot).

Note: A general election (for full terms) or a special election (to fill a vacancy in an unexpired term) is considered a *separate election* with a *separate ballot* for purposes of these tests, even if held on the same election date. See our online Cancellation guide for details.

Instrucciones para el ejemplo de orden de cancelación:

Para cancelar una elección, la entidad gobernante primero debe recibir y aceptar, de la autoridad responsable para preparar la boleta, el formulario de Certificación para Candidatos Sin Oposición (o la autoridad puede crear su propio formulario) de la autoridad responsable para preparar la boleta. La orden/ordenanza de cancelación debe ser adoptada en una reunión abierta. No se requiere que los candidatos estén presentes. Se debe preparar un certificado de elección para cada candidato sin oposición; sin embargo, los certificados de elección no se deben emitir hasta el Día de las Elecciones, así como se detalla a continuación. La sección 2.053 indica que el certificado de elección será publicado "en la misma manera y al mismo tiempo" para un candidato elegido en una elección. Por lo tanto, los candidatos que hayan sido declarados "elegido" en la reunión de la cancelación, deben esperar hasta después del día oficial de elecciones (aunque no se hayan llevado una elección) y no antes del período prescrito de la campaña política (aunque no se lleve a cabo la campaña política) a ser jurados y asumir sus deberes. Los candidatos pueden llenar la Declaración de Funcionario Elegido antes del Día de las Elecciones. Este documento se debe mantener en los archivos locales. No es necesario enviarlo a la Oficina del Secretario de Estado. El Día de las Elecciones se debe exhibir una copia de esta orden/ordenanza en todos los sitios de votación que se hubieran utilizado en la elección si no hubiera sido cancelada.

Una elección* puede ser cancelada si:

- la elección es una en la que se requiere una declaración de candidatos por escrito en la boleta de votación: v.
- no hay oposición para la carrera por acumulación en la boleta* de votación dentro de esa elección* y
- Todos los candidatos cuyos nombres deben aparecer en la boleta* de votación no tienen oposición, con unas excepciones;

Esto significa:

- En una elección* por acumulación (sin ningún distrito con miembro único), si se encuentra una o más de una carrera por acumulación con oposición, entonces todas las carreras estarán en la boleta dentro de esa elección*.
- En una elección* en la que cualquiera de los miembros de la entidad gobernante se eligen de distritos con un solo miembro, se puede cancelar una elección en un distrito específico si hay oposición para el candidato y la elección cumple con los requisitos que anteceden (ej. no hay oposición para la carrera por acumulación en la boleta).

Nota: Una elección general (con términos completos) o una elección especial (para llenar una vacante de un término no vencido) es considerada como una elección distinta con una boleta distinta con los propósitos de estas pruebas, aunque se lleven a cabo en la misma fecha electoral. Vea nuestra guía de cancelación en línea para más detalles.

Clearwater Underground Water Conservation District

STAFF REPORT

Board Meeting September 11, 2024 Agenda Item: 9
Exception to Spacing Requirements

Agenda Item: Discuss, consider and take appropriate action if necessary to approve an exception to setback requirement per district rule 9.5.5(a)(e) for Jon Lindsey at 2109 Songbird Trail, Belton (Bell CAD Property ID: 62958).

Narrative: The applicant is requesting an exception to the District's requirement that wells observe a minimum setback of 75' from all property lines. A setback reduction of approximately 30' is requested from the north property line and 70' from the center of the road to the east property line placing the well adjacent to the Estate of Mr. Horace Thomas property to the north. The well will also be 61' from the south property line which is owned by Mr. Lindsey and 51' to the west property line which is owned by the US Government. (see attached map).

The applicant has provided the required waiver from the Estate of the adjacent property, and all signatures have been notarized.

The applicant's property (ID:62958) at 2109 Songbird Trail, Belton, comprises approximately 0.18 acres and was subdivided and created in 1984. This was before the District rules that went into effect in March 1, 2004, establishing a minimum lot size of 10 acres for an exempt well site.

The well will be located approximately 30' from the north property line and 70' from the center of the road to the east property line. The well will also be 61' from the south property line which is owned by Mr. Lindsey and 51' to the west property line. The well satisfies all requirements for an exempt well classification; therefore, no permit is required. This well will be more than 100 feet from any other existing wells on adjacent properties. The proposed well location and construction standards must satisfy the on-site septic regulations required by Bell County Public Health District.

Staff Recommendation: GM recommends approval of this request and notes all requirements per district rule 9.5.5(a)(e) have been met and submitted. We recommend approval of the requested reduction in setback along the east property line.

RE: Request for an Exception to Spacing Requirement Rule 9.5.5 (a)(e)

Dear Mr. Aaron,

I am submitting an application to CUWCD to drill a new exempt well to be completed to the Middle Trinity Aquifer for domestic use. The district rules limit this domestic well to 17 gpm with a 1 ¼ inch column pipe on the site located at 2190 Songbird Trail, Belton, TX 76513; Latitude 31.158871 / Longitude-97.483637.

Upon review of the proposed well application and CUWCD rules, due to my lot size limitations, I wish to locate the well approximately 30 feet from the north property line, 70 feet from the center of the road to the east, 61 feet from the south property line and 51 feet from the west property line. I have secured two waivers of the spacing requirement per Rule 9.5.5(e) which states:

e) If the applicant presents waivers signed by all landowners and well owners whose property or wells would be located within the applicable minimum distance established under these Rules from the proposed well site stating that they have no objection to the proposed location of the well site, the Board, upon the General Manager's recommendation, may waive certain spacing requirements for the proposed well location.

Attached is a signed waiver by Joshua C. Pearson, Attorney for the Estate of Horace L. Thomas, owner of the lot located at 2202 Songbird Trail, Belton, TX, who owns the property to the north of mine. During the construction process, or any time after its completion, should any damages occur to Mr. Thomas' property from the construction of my water well, I will pay for any and all costs for repairs needed on Mr. Thomas' land.

Also attached is a signed waiver by myself, owner of the lot located at 2150 Songbird Trail, Belton, TX.

I am presenting this letter to you, the District GM and hope our request goes before the Board on September 11, 2024. I thank you very much for your attention to this matter. If you have any questions, please call.

Sincerely,

Jon Lindsey

2190 Songbird Trail Belton, TX 76513
