6. Hold a public hearing on the following application:

Discuss, consider, and take appropriate action, if necessary, on an application submitted by the University of Mary Hardin-Baylor for an operating permit for existing well #N3-23-005P. The permit would authorize groundwater production for golf course irrigation not-to-exceed 37.1 acre-feet or 12,089,072 gallons per year, at a maximum pumping rate of 270 gallons per minute. The well is completed to the Lower Trinity Aquifer (Hosston), in the Belton Lake Management Zone, with a maximum 4-inch column pipe, on a 28.12-acre tract located at 900 College St., Belton, Texas.

President, Jody Williams, began the public hearing by offering members of the public an opportunity to provide public comment on the proposed operating permit from UMHB. There were none.

Jody officially opened the hearing at 2:35 p.m. and gave a summary of the application submitted by UMHB for an operating permit for an existing well completed in the Lower Trinity aquifer not to exceed 37.1 acrefeet/year.

Jody reviewed the procedures that would apply to the hearing and noted that the hearing had been properly noticed, and the application had undergone administrative, legal, and technical review by district staff, general counsel, and geoscience consultants.

As presiding officer, Jody will take evidence and sworn testimony, and rule on any procedural issues. He laid out the procedures for the preliminary portion of the hearing.

Jody administered an oath to all parties speaking on the application. Taking the oaths were:

Dirk Aaron – CUWCD General Manager, Mike Keester – KT Groundwater Geoscience Consultant,

Matthew George – UMHB, Marin Ee – UMHB, Brad Cross – Collier, Hunter King – Collier.

Jody proceeded with the evidentiary phase of the hearing and received testimony from related parties.

Jody addressed the applicant, Marve Ee. Marve laid out the application and presented his request and the needs for an operating permit for their existing well. He presented an overall site-plan. He noted steps UMHB is taking to minimize water use throughout the campus and athletic fields. Matt George presented the irrigation/maintenance plan for the golf course.

Dirk Aaron (CUWCD) presented his executive summary noting the administrative requirements and any special provisions/requirements that were agreed upon. Dirk stated that the application is administratively complete, and the applicant has met all requirements.

Mike Keester (KTGW), the district's geoscience consultant, presented his analysis of the application and pump test. He commented that there would be negligible drawdown in the nearest lower trinity well. Water levels are declining at about 4 ft per year. He recommended the application be approved with special provisions as laid out in the general manager's executive summary to include long-term monitoring with Eno-Science equipment.

Jody offered the applicant an opportunity for rebuttal for earlier testimony. The applicant had no rebuttal.

Jody asked the Board's legal counsel, Cole Ruiz, if he was satisfied that the application for an operating permit has met its legal burden. Cole replied yes contingent on the special conditions agreed to.

Jody asked if there were any additional questions or discussions. There were none.

Jody concluded the evidentiary portion of the hearing.

Jody asked for a motion to grant or deny the request for an operating permit that includes all special provisions offered by the Board which are outlined by the general manager and district's geoscience consultant and affirmed by the district's legal counsel.

Director, Scott Brooks, moved to approve the request for an operating permit to include all special provisions/requirements as laid out by the general manager in his executive summary and by the district consultants. Director, Jim Brown, seconded the motion.

Motion carried 4-0 (1 absent).

Public hearing concluded at 2:35 p.m.

7. Discuss, consider, and take appropriate action, if necessary, discontinue the Wellntel Program.

Dirk reminded the Board that the District has been using Wellntel for on-site continuous monitoring. He commented that the District has evolved away from Wellntel due to the cost, the need for on-site internet, sounder has a short life, and the data is erratic and not compatible with LRE DMS. The District has integrated Eno-Scientific devices which are more durable/reliable and compatible with LRE and signal fire.

Dirk asked the Board to allow him to cancel the 3 remaining Wellntel devices and download the 2024-2025 data and order Eno-Scientific 670s for Scott Brooks, Jim Brown, Hidden Springs Park, and Hidden Springs Entrance wells. Dirk also would like to include the Eno-Scientific 700 on the UMHB well.

Director, Jim Brown, moved to approve the cancellation/removal of the Wellntel program and move forward with the Eno-Scientific equipment as recommended by the General Manager. Secretary, Gary Young, seconded the motion.

Motion carried 4-0 (1 absent).

Dirk presented the ILA for the CUWCD Boardroom at 640 Kennedy Court. He noted that there were some revisions to the original agreement the Board received. Dirk noted the changes to the ILA and the Board discussed other changes for consideration. Once the Board approves the ILA it will be submitted to the Commissioners' Court for their approval.

Director, Scott Brooks, moved to approve the ILA with changes as discussed. Director, Jim Brown, seconded the motion.
